Activity Report on:

CULINARY PROGRAM

Organized by: 3rd Sem - Department of Geography (AU)

Coordinator: Mr. Anthony Pali – Assistant Professor (Dept of Geog)

Venue: Room no: 106, Block - A

Date: 24th October 2025

The Department of Geography organized a **Culinary Program on 24th October 2025**, conducted by the **M.A. 3rd Semester** students as part of their coursework in **Social and Cultural Geography**. The program aimed to explore the cultural dimensions of food, cuisine, and traditional culinary practices as a reflection of social identity and regional diversity.

The event was graced by the presence of **Mr. K.K. Jha, Deputy Registrar**, and **Mr. S.K. Jha, Dean Academic**, along with all the faculty members of the **Department of Geography**. Their presence encouraged and motivated the students to engage deeply with the cultural aspects of geography.

Under the guidance of **Mr. Anthony Pali**, Assistant Professor, the students were divided into various tribal groups of Arunachal Pradesh i.e **Nyishi, Adi, Galo, Momp, Mishmi, Wangcho** etc in which they showcased a variety of traditional and regional **dishes** representing different communities and cultural backgrounds. Each group presented the historical, geographical, and cultural significance of their selected **cuisine**, highlighting how food habits are influenced by physical environment, climate, and social traditions.

The event fostered academic interaction and cultural exchange among students and teachers, emphasizing the importance of understanding geography beyond maps and terrains—into the everyday practices that shape societies. The faculty members appreciated the creativity, teamwork, and presentation skills of the students.

In conclusion, the **Culinary Program** was a great success, blending academic learning with cultural expression. It not only enriched students' understanding of Social and Cultural Geography but also strengthened the sense of unity and diversity within the department.
